

The Hidden Spring

with R.J. Stewart & Anastacia J. Nutt

Camp New Hope * Raleigh Durham NC

March 25th (10-5) & 26th (10-4) 2017

*A Spring is a Source of Water... the Source of Summer,
A "Source" is a Spring, The Hidden Spring is Behind Them All.*

At the Spring Equinox we, and all living creatures, sense the rebirth of vital forces no longer sleeping. Ancestral magic worked with the turning is essential to both physical and spiritual wellness. Today humanity's relationship to nature and spiritual life-forces of the Seasons is often impaired and confused. During this celebratory and rejuvenating workshop we will be using meditation vision and ceremony to connect to the Hidden Spring, the deep forces behind the turning of the Seasons.

The Hidden Spring of regeneration features in the medieval Merlin legends, and in many alchemical texts and methods. A feature of this workshop is a group ceremony to prepare and potentize an essence of the Hidden Spring. All participants will be able to take this essence with them for support, nourishment, and transformation during the coming year.
