"All persons in search of the sacred for themselves first find and walk their own spiritual path.

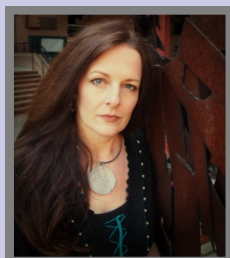

While doing so, they must also choose their own spiritual sustenance in support the journey.

If your journeying soul yearns for the spiritual sustenance of the Western Inner Way, the PPA will assist"

Since 1997 Anastacia Nutt has been working in the sacromagical arts: creating and facilitating sacromagical courses, conducting public rituals, writing course curriculums & esoteric books in the USA and abroad.

The Priest & Priestess Arts for the 21st Century course is a comprehensive distance learning program consisting of twelve modules presenting advanced study, meditation and ritual work. Its spiritual core lies within the Western Esoteric Tradition, the Cosmic patterning of Hermetic Qabalah and the unified heart of human spirituality. As such the PPA course supports the spiritual pursuits of anyone interested in engaging in the depths of these spiritual and magical lineages.

PPA tuition is based upon a "pay-as-you go" fee structure. Furthermore, the course is completely self-paced and thus may be tailored to fit the demands of the modern lifestyle.

The Course Includes:

Twelve modules with written & recorded support materials delivered via post.

One monthly question and answer session

Twelve phone or web-based conferences & working sessions

Cost: \$700-1000 sliding scale (\$58-83 per module) on a pay-as-you-go basis.

On average most PPA students complete each module in 8 weeks.

Priest & Priestess Arts for the 21st Century

Module Overviews

This course starts from the ground up, as it thoroughly builds strong, reliable spiritual tools and skills for each practitioner. My goal in teaching this course is to guide a Seeker toward their individual Sacred Service as a Priest or Priestess while augmenting their knowledge and capabilities with well-founded teachings, techniques and experiences. Far from being a “one-size-fits-all” course, the PPA is individually tailored in several key places allowing for the fullness of self-expression and individuation within the greater web of general instruction. Each module is between 30-100 pages in length and consists of Lessons, Meditations, Rituals, Explorations and Readings. Here is a sampling from the first three modules.
